I think the movie Kindergarten Cop said it best about what boys have and girls have.
Woman have fought for woman's rights for many years now, but now these trannys want to erase everything the woman have fought for because they aren't capable of making the team they should be playing for.
How about this, if they want equal rights then create a sports program just for them.
For example: u will have boys basketball, girls basketball, and Tranny basketball.

Boys do not belong in a girls restroom n Vice versa if they want to be transgender then let them find transgender sport, if the transgender say male sports r to rough then to bad u don't participate, u only participate in the gender u were born with or u don't participate at all
